## UTILITY SPORT PACK Wii ATOMIC 6 IN 1

### UTILITY SPORT PACK Wii ATOMIC 6 IN 1

The only Wii Motion Plus™ compatible Sports Set with 6 different accessories to fully enjoy the emotions of your Wii Sports on the Nintendo Wii™ console.

The bundle can be comfortably used either with or without the Wii Motion Plus™ extension plugged into the Wii Remote™.

The bundle contains:

- a handle grip with detachable Wii Motion Plus™ housing, safety blocking system and soft touch covering to hold tightly the Wii Remote™
- baseball bat
- golf club with adjustable length (5 cm range)
- tennis racket with a light blue glowing effect when moved (with a pair of AAA batteries, not included).
- kart wheel (also Wii Motion Plus™ compatible)
- padlock strap, to play safely
- transparent cover for the Wii Remote™

Excellent materials.

The handle grip fits the Wii Remote™ tightly, still allowing its infrared communication. Note: the accessories should be attached to the grip only once the sport games have started, because they block the infrared communication and thus the navigation through the menus.

This bundle has been realized following the trend of the market and adding one more sport tool which usually miss in the other bundles like this one for console Nintendo Wii™.

Colour available: white
