## FReeMOTE™ EVO+™ WHITE Wii ATOMIC

### FReeMOTE™ EVO+™ WHITE Wii ATOMIC

FreeMote™ Evo+™ is the revolutionary wireless motion sensing one-handed controller with embedded Evo+™ technology, fully compatible with the Motion Plus technology and with all the games using it, with no need for expansions.

THE FIRST IN THE MARKET! No more clumsy extensions: within the size of a standard Wii™ Remote, the FreeMote™ EVO+™ already features the sensitivity of EVO+™ and is already compatible with all the games requiring Wii™ Motion Plus.

Like basic FreeMote™, the EVO+™ version also features full motion control support, vibration feedback, and built-in speaker.

FreeMote™ EVO+™ wears a smart pearl white or "kuro" black suite and is ergonomically crafted for maximum compatibility with 1st and 3rd party accessories. The edges of the top surface have been rounded for even improved comfort.

FreeMote™ EVO+™ features an expansion port to extend its functionalities.

#### Features:

- EVO+™ embedded technology for the most accurate, reactive and sensitive motion sensing experience you can enjoy.
- Improved Design: - D-pad with separated direction buttons for optimal comfort and control
- Fully Compatible: allows for use of custom shells and accessories
- Accelerometer for full motion control game play
- Powerful speaker and rumble
- BONUS! Wristlace included for additional protection and safety

Powered by 2 AA batteries (not included).

Available in colour: pearl white and "kuro" black.
