

# AG-E Pad Bag PSP™

## BOX CONTENTS

AG-E PAD BAG™ - Solar Protector Screen - shoulder-belt.

## INSTRUCTIONS

Insert your PSP® inside AG-E PAD BAG™ as follows:  
1. Open the upper cover, as showed above, using the black sliding slaver ("open").

2. Switch on the console before putting it inside.
3. Close carefully the cover.
4. Regulate the inclination of your Solar Protector Screen to find the best play-visibility.
5. Even the cover of AG-E Pad Bag™ is closed, the player will have the possibility to use all buttons/function.

## SHOULDER-BELT

Special fissures have been realised on the back side of the accessory to hook the shoulder belt.

## STAND

AG-E PAD BAG™ can be used as stand for the console for recharging, watching a movie or listening to the music.
